Name of Hospital

City

STEP 6

If the hospital you work for cannot accept a patient for medical treatment (e. g., due to capacity limits, geographical distance, insurance reasons), would there be one or more other hospitals highly qualified in **Cardiology / Cardiac surgery**, that you would recommend for the patient based exclusively on quality and service?

Timing, distance, and money are not relevant for the recommendation; only quality and service count.

Please name at least 3 hospitals located in **Malaysia** for **Cardiology / Cardiac surgery**.

- You can recommend up to 10 hospitals.
- You cannot recommend hospitals you are associated with or employed by.
- Self-recommendations will not be considered.
- Further text boxes will appear automatically.
- The order of recommendations is not important.

Note: Entering the recommendation is aided by an autocomplete function, which will show you hospitals based on the letters you have already entered. You may also freely register any hospital that is not proposed by the autocomplete list. Self-recommendations will not be considered
